REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

As concern with claims 1-10 & 16, the prior art does not disclose or fairly suggest an exhaust gas purifying catalyst or metal oxide particles, comprising ceria and zirconia, having cores comprising larger molar amounts of zirconia than of ceria, and surface layers comprising larger molar amounts of ceria than of zirconia and having noble metal carried thereon.

As concern with claims 12-15 & 17-19, the prior art does not disclose or fairly suggest a method of preparing metal oxide particles, comprising ceria and zirconia, having cores comprising larger molar amounts of zirconia than of ceria, and surface layers comprising larger molar amounts of ceria than of zirconia requiring the step of adjusting the pH of the solution within the ± 0.5 on the basis of the isoelectric point of zirconia and in combination with the step of aggregating zirconia and then aggregating ceria around the aggregated zirconia from said solution to make aggregates.

There is no motivation to combine the teachings of the references together.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
